STOUT STREET FOUNDATION GOLF TOURNAMENT

Stout Street Foundation provides a no-cost recovery and self-sufficiency program to adults with substance use disorder. Our two year residential program provides comprehensive psychiatric, emotional, social and family assessments, with vocational training and a GED program. Each residents works with the treatment team to develop an individualized strengths-based plan of care.

Colorado has a growing substance use disorder problem. Overdose deaths are rising, with opioid-related deaths more than doubling from 2010-2017, As the problem grows, **less than 17% of those in need actually receive treatment.**

Stout Street Foundation's Recovery Community is a no-cost program. In our Therapeutic Community, Residents learn critical life and vocational skills needed to successfully reenter our community in recovery.

Stout Street Foundation is excited to host our 14th Annual Golf Tournament at the beautiful Green Valley Ranch Golf Club in Denver, on Friday, June 12. Breakfast, lunch and a silent auction are all part of a day on the course dedicated to creating new lives.

Our goal is to have all tournament costs sponsored, ensuring every dollar raised at the tournament goes directly to support our Residents. I would like to ask you to please consider sponsoring this important event.

For inquiries and sponsorships, please call Carrie Packard at (303) 321-2533 or email carriep@stoutstreet.org

The Need

Stout Street Foundation serves 300 residents a year in the face of an epidemic of drug addiction in Colorado. Amid increasing need and an unprecedented health crisis, our services have never been more important.

- Colorado ranks first nationwide in non-medical prescription and illicit drug use
- Colorado is the only state that ranks as the top in opioid painkiller, alcohol and cocaine users
- Colorado's drug overdose rate more than doubled from 2010 to 2017
- Less than 17% of those in need receive treatment.

The Residents

More than half of SSF residents have been in two or more recovery programs prior to SSF.

Drug of Choice

- 35% Opioids
- 30% Alcohol
- 26% Methamphetamine
- 9% Other

19% Female

81% Male

The Impact

"Before coming to Stout Street Foundation I struggled to survive as an addict for 20 years. The disease of addiction enslaved me. I was no longer the daughter, the mother or the woman I was intended to be. Shame and guilt almost killed me, driving me into a darkness that was seemingly without end. For years, jails, detoxes, and prisons became my only stable address, offering me little sanctuary from the war that waged within me. I wanted a better life. I wanted to be free from active addiction. For many years I hit my knees in desperation.

When I arrived at Stout Street Foundation I knew without a shadow of a doubt that this was where I was supposed to be. Fear, regret, guilt and shame are no longer in control of my life. Stout Street Foundation shows me how to live life on life's terms. Today I have a choice, today I have a purpose, today I am free." - *Natalie, Graduate*

"My son worked the program and the program worked for him. It was tough at times but he gained the confidence and strength he needed to survive. In 2006 we attended my son's graduation. There are no words to describe the pride, the relief, the gratitude, and the love we felt at that time. My son is now a healthy 40-year-old man with a family and a good job. He is the epitome of a success story. He is 15 years clean, sober, strong, and confident. You are true saviors; heroes in so many lives. Thank you!" - *Audrey, Parent*

"This program is different in the fact that it helps me pave the road before me with real actionable stepping stones. Constant support from peers who share the same struggles I am and succeeding in the same arenas that I find myself in. Being able to look myself in the mirror every morning knowing that I am going to be alright and rebuilding bridges with my family are a couple of the beautiful blessings Stout Street Foundation has provided for me so far, with many more to come!" - *Daniel, Resident*
